County Board Data Exchange (CBDX)

DODD is implementing a proof of concept to accept address change data from County Board and third party systems!

Benefits of CBDX Include:
- Reduce redundant data entry for County Board staff
- Eliminate manual data entry for DODD Staff
- Improve data integrity between County Board, third party, and DODD systems

The system will provide a helpful success/failure report with detailed information.

County Board Data Exchange - Addresses

County Name	Processed Time	DODD Number	User Name	Result	Description
	11/22/2019 12:21:48 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 02:26:23 PM			BeginDate is invalid/ Dates Overlap with previous record	The address update received could not be processed due to a validation error for a business rule regarding address date conflicts.
	11/22/2019 03:06:26 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 03:06:26 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 03:46:23 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 12:21:48 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 12:21:48 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 12:31:24 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/22/2019 12:31:24 PM			Validation Successful	The address update was successfully processed and the record is updated.
	11/25/2019 08:21:24 AM			Validation Successful	The address update was successfully processed and the record is updated.

Upcoming CNT Changes Supporting CBDX

• CNT Main Screen
• Instruction
• Vendor Contract

Vendor Contract Module

This system allows you to add and view contracts between counties and vendors.
Click on the "Instruction" link above to view a short tutorial on this system.

- The addition of vendors to the Vendor drop down
- The addition of **CBDXIA** to the list of systems
- The ability to designate different vendors for contracts on different systems during overlapping date spans

How does my county get involved?

Contact the Department of Developmental Disabilities IT Project Manager for CBDX at: Katherine.Rider@dodd.ohio.gov

- Contact your vendor and let them know you are interested in CBDX
- DODD will reach out to the county and vendor to setup a timeline for data exchange implementation

*DODD requires all counties interested in CBDX to complete a full end-to-end User Acceptance Text, Data Sharing Agreement, as well as sponsor their transmitting vendor via DODD's Request for Electronic Data Form.
